

LABUSA DIR-TSO-3663 Price List

LABUSA manages and deploys enterprise cloud solutions - from deploying turnkey infrastructure and software service to designing integrated hybrid platforms - providing the flexibility and expertise needed to move IT to an “as-a-service” model.

Our Software as a Service (SaaS) offerings include collaboration and communication tools designed for those organizations that require security and reliability. The service includes 99.999% availability service level agreements (SLAs) and phone/email support 7:00am - 6:00pm CT Monday – Friday. The **electronic fax** and **email** as a service features and price offerings for the State of Texas Department of Information Resources (DIR) contract are below.

Email as a Service (EaaS)

EaaS features the Zimbra Collaboration Suite® providing managed email, calendar, contacts, instant messaging, mobile support and archive & eDiscovery capabilities – in an enterprise private cloud computing infrastructure.

- Full Feature Email, Calendar, Document, Tasks, Briefcase, Anti-spam, and Address Book.
- Mobile device access for iPhone, Windows Mobile Devices, Android, and NotifySync.
- Integration with Microsoft Exchange.
- Email Access Methods - Web Browser, POP3, IMAP and complete Outlook functionality.
- Mailbox size 25GB with add-on storage space available for additional cost (See ZCS-10G).
- Setup and Email migration support available for additional cost (See ZCS-M).
